

ABOUT THE ARTWORK

Dungun Siri II

by Ruzaika Omar Basaree

Did you know that paintings are not always flat? This is a 3D artwork of the window of traditional Malay house is made of woodcarvings and pieces of metal and wood. By assembling these elements together, the artist inspires us to use everyday materials to create art.

Ruzaika Omar Basaree. *Dungun Siri II*. 1978. Wood and emulsion paint, 72.4cm x 91.4cm. Collection of Muzium & Galeri Tuanku Fatimah, Universiti Sains Malaysia.

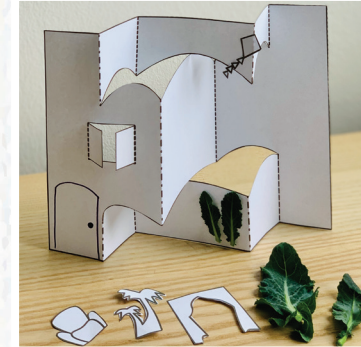

MATERIALS

You will need these items for the activity:

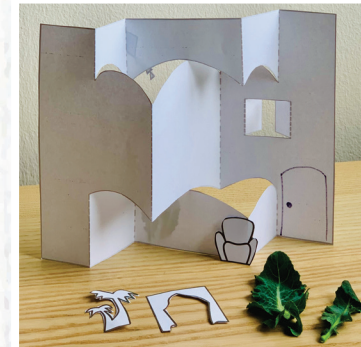

1. Printout of House template
2. Scissors
3. Glue
4. Markers

TIPS: Use other materials that you can find around you such as chopsticks, cardboard, or leaves and flowers!

Adult supervision is recommended for this activity as it involves the use of sharp objects like scissors.

OUTSIDE

INSIDE

CREATE

Create Your Own 3D House!

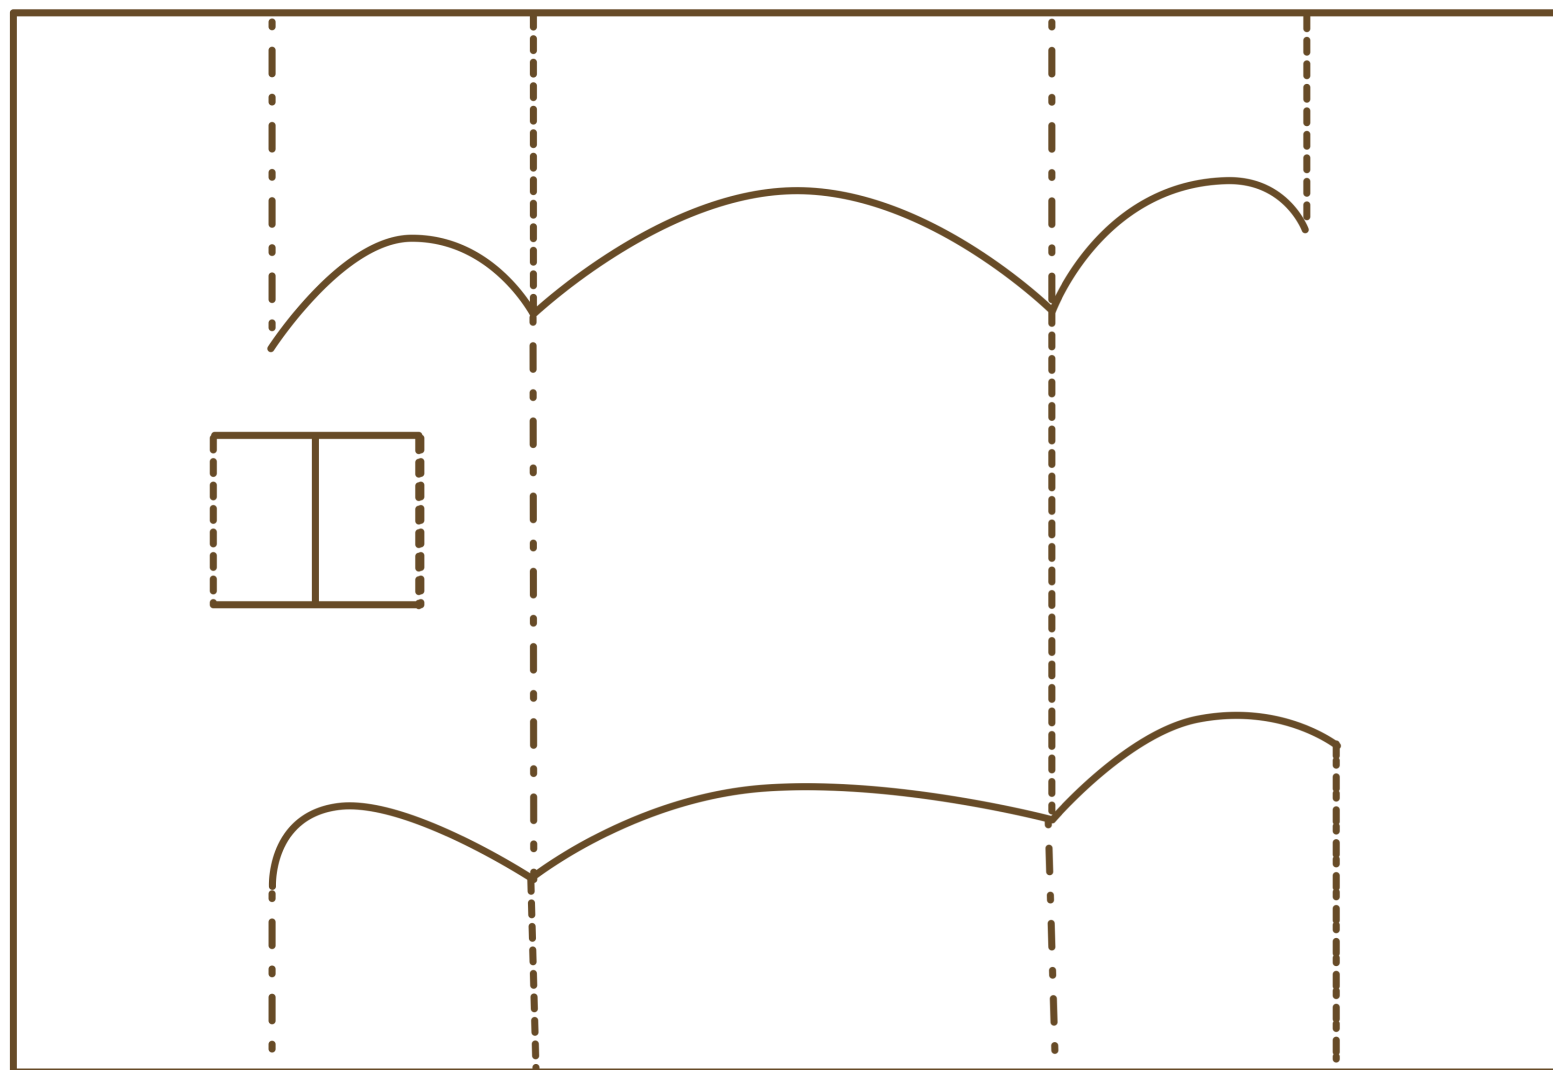

Explore designing the spaces inside outside your house using our House Template

1. Cut along the bold lines in the template, then fold along the dotted lines.
2. Cut out the items in the Picture Library and add them to the inside and outside of your house.
3. Add the finishing touches to your house by drawing details or patterns on it with markers.

EXPLORE

Go on a nature walk to collect items that you can add to your 3D house. You could use leaves for trees, or sticks for poles to hang laundry!
